PLAY ABROAD COUNSELLING PROGRAM FOR ASPIRING & PROFESSIONAL FOOTBALL PLAYERS

**Advance your professional
football career outside India**

Connecting with Genuine Opportunities

Indian kids aspiring to become professional football players have started to seek opportunities abroad. This proving to be a good option considering kids can get great exposure, more game time and amazing player development programs. Also, Indian football will start getting better trained and exposed players which can incrementally improve quality of game in India.

The real problem here is, there are 1000s of options abroad and selecting right option is a nightmare for parents. With incomplete or no knowledge and presence of profiteers in market parents find it very difficult to find the right program & country for their child.

To solve this problem mentioned above, India Khelo Football has started a counselling program for kids who wishes to advance their career in football by going abroad. This program is focused on connecting these players with genuine opportunities abroad. With our wide network in India and abroad India Khelo Football is well placed to identify and connect with wide range of opportunities from across the globe with Indian kids.

We believe, this will help Indian Football a lot in a long run and will definitely help Indian parents to make an informed and correct decision.

Coming together

International Advisors

India Khelo Football has tied up with ProSoccerGlobal – a UK based premier sports management company to help us identify & connect with genuine opportunities. With 40+ years of experience in European and US Football, ProSoccerGlobal is right partner for us to help us do background checks on program & academies anywhere across the globe.

IKF

India Khelo Football is a not-for-profit program which is focusing on creating a structured career path for aspiring football players by integrating grassroots football with professional football. Operationally we achieve this by conducting Trials across India, scouting exceptional talent & showcasing them to clubs from across the world. In our Season 1 IKF conducted Trials in 17 cities across India and placed 20+ kids in top most clubs in India & abroad. IKF has kick started Season 2 - A 24 city talent hunt in July 2022

ProSoccerGlobal

ProSoccerGlobal is a unique organization that provides football experiences on and off the field for boys and girls teams across all age groups and ability levels. Utilizing the knowledge and expertise of the ProSoccerGlobal staff, ProSoccerGlobal have designed programs and services that support development as a footballer and academically.

Play Abroad by IKF

Personalized Counselling Program For aspiring & professional football players

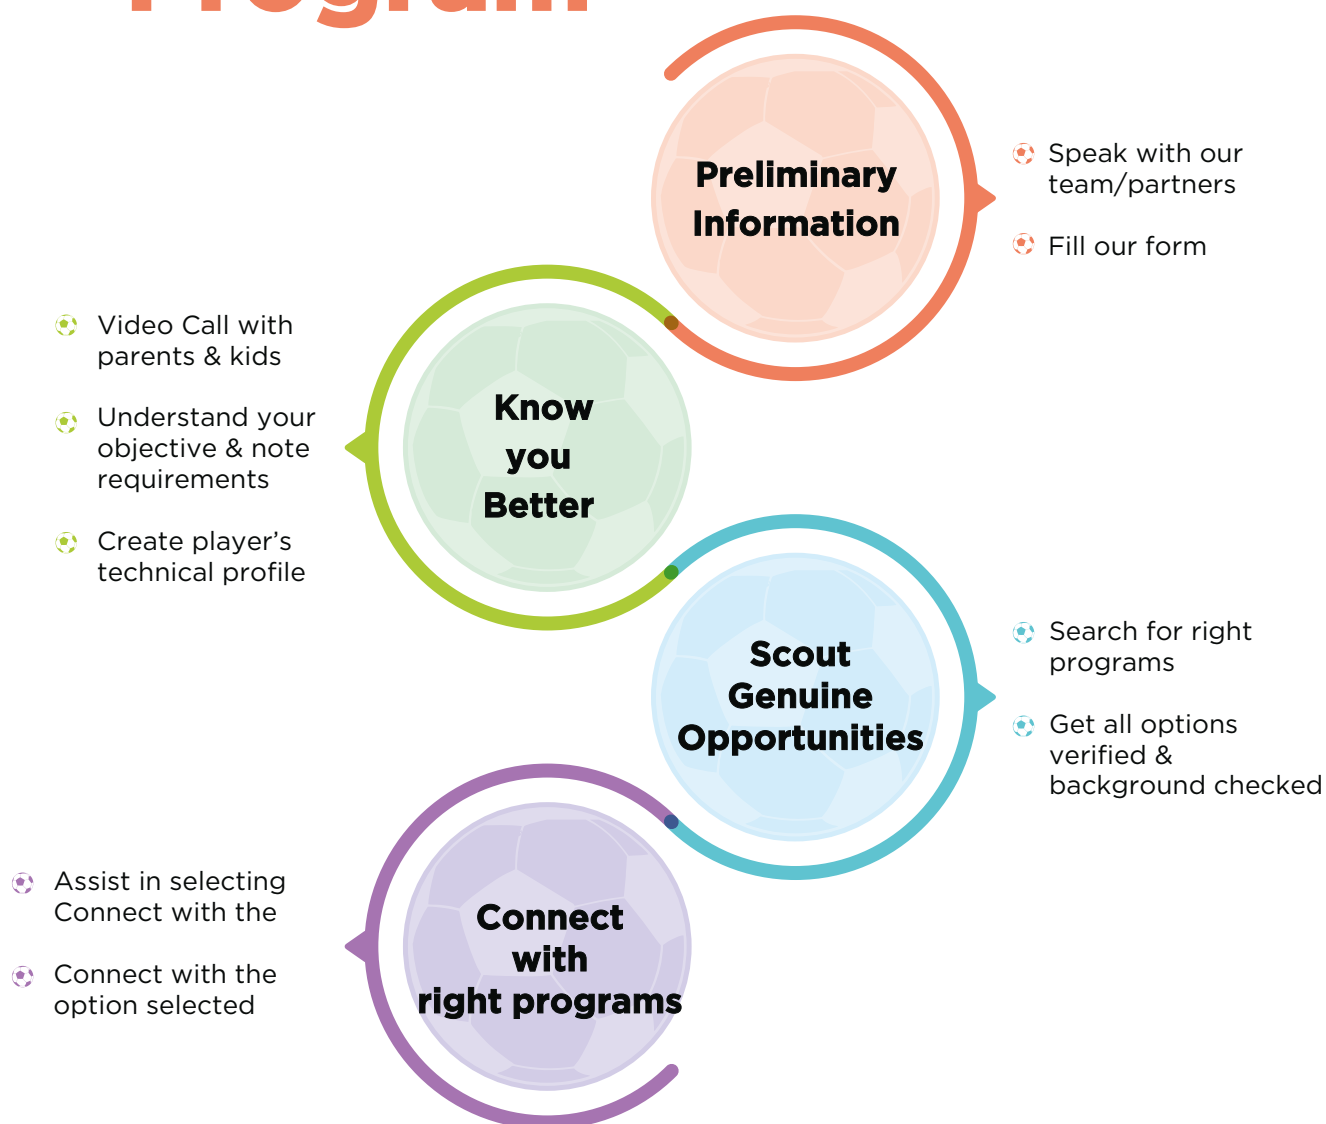

India Khelo Football with its aim to help aspiring football players make informed decision while going abroad has started “Play Abroad program”. Under this program IKF tries to know you better and understands your objectives of going abroad. If required we create player’s technical profile as well.

Based on that IKF via their advisors and partners abroad, looks for best opportunities which serves your objective. These options are brought to you by IKF – verified & researched.

Once the right option is selected by the family we make introductions to right people for that option and ensure smooth communication between both parties. We only recommend options which are given go ahead by our advisors and we are comfortable about that option meeting your requirements.
