IKF Career360's Field of Dreams

Empowering Futures Through Football

career
360 ★ ★

IKF is a non profit platform creating structured career pathways for players who wish to pursue football professionally.

Field of Dreams is IKF Career360's flagship social impact initiative that goes far beyond football. It blends professional player development with life skills and modern literacy to build not just athletes — but leaders.

Aim: To nurture resilient, skilled, and emotionally intelligent youth who are equipped to navigate life's challenges and thrive in any environment, both on and off the field.

Every child deserves a fair chance. Through Field of Dreams, players are carefully categorized to receive development paths tailored to their strengths, challenges, and needs — while being supported by a network of sponsors, mentors, and experts.

Your Support.
Their Dream.
